A Message from Fr. Joseph Fessio, S.J.

(Soon to be?) Saint Henri de Lubac, S.J.

HIS CAUSE FOR CANONIZATION has been introduced and testimonies are being gathered. One of the great blessings in my life as a young Jesuit “scholastic” (= seminarian) was having Fr. de Lubac as a mentor when I was studying theology in France.

Years later, when I founded Ignatius Press (1978), a prime motivation was to make available in English his works and those of three of his friends and collaborators: Hans Urs von Balthasar, Louis Bouyer, and Joseph Ratzinger.

In 1986 we re-published his profoundly beautiful book on the Church, *The Splendor of the Church*. I have never written much myself, preferring to publish (= make public) the works of those with a real gift for writing. But of the little I've written, I'm most proud of the dedication I wrote for this work:

*This re-edition is
dedicated to Cardinal de Lubac
in the year of his ninetieth birthday.*

*My personal debt of gratitude to this
extraordinary scholar, loyal churchman,
gracious and patient teacher, and fellow Jesuit
is but a small part of what is owed him
by the countless numbers of men and women of every land
whose faith has been enriched
by his life's work.*

*Cardinal de Lubac is above all else
a man of the Church, homo ecclesiasticus,
such as he himself portrays in these pages.
He has received all from the Church.
He has returned all to the Church.*

*This book which, characteristically, he so humbly describes
In its introduction, is a testament which will endure
to his lifelong love of his mother and ours
the Immaculate Bride of the Lamb,
Holy Church.*

This wonderful book is still in print; and in this catalogue, you'll find a new addition to the many works of his we have published, *Divine Revelation*, his commentary on one of the four major texts—and some think it is the most important of them all—of the Second Vatican Council, *Dei Verbum*. See page 7.

This would be an excellent companion to our very popular Ignatius Study Bible. See also our new editions of the Ignatius Bible on pages 14-15.

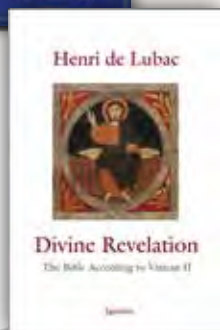

We also have commissioned a documentary on Fr. de Lubac's life and works and it is in post-production. So stayed tuned!

Magnifica Humanitas (Magnificent Humanity) *On Safeguarding the Human Person in the Time of Artificial Intelligence*

Pope Leo XIV

MAGNIFICA HUMANITAS, Pope Leo XIV's first encyclical, speaks directly to one of the most urgent questions of our time: What does it mean to remain fully human in the age of artificial intelligence? With pastoral depth, the first American pope offers a compelling Christian response to the rise of digital technocracy and power, showing how faith, reason, and the rich tradition of Catholic social teaching can guide society through rapid technological change.

Drawing on Scripture, Church history, and the Social Doctrine of the modern papacy,

Leo XIV explores how AI is reshaping work, education, family life, politics, warfare, and public truth. While acknowledging the remarkable potential of technology, he warns against systems that reduce people to their productivity or "efficiency," offering a hopeful vision rooted in dignity, solidarity, justice, and the common good. Both intellectually substantial and accessible to general readers, *Magnifica Humanitas* is an essential document for Catholics, Christians, ethicists, and anyone concerned about the human future.

Freedom Under Grace *Reflections on the Spiritual Tradition That Formed Me* **Robert Prevost (Pope Leo XIV)**

IN HIS FIRST book of original, never-before-seen writings, Pope Leo XIV offers readers around the world a window into the spiritual foundation that would lead him to the papacy—in his own words before his election.

Before becoming Pope Leo XIV, Robert Francis Prevost had never published a book. But shortly after his election to the papacy, Leo chose these previously unpublished texts to become his first published collection of writings: *Freedom Under Grace*.

This wide-ranging book captures the heart of his spirituality, forged by the conviction that "man is not defined by what he possesses

NEW!

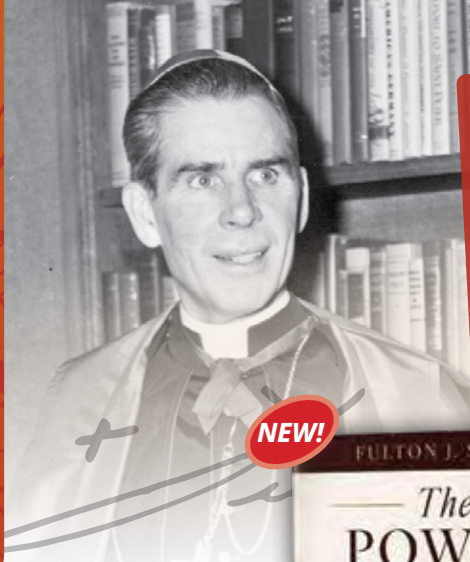

or what he knows, but rather by what he loves."

This collection comes from Prevost's time overseeing the Order of Saint Augustine, distilling his understanding of the Christian life today for individuals, local communities and churches, and the whole Catholic Church. Drawing on the rich tradition of Saint Augustine, Prevost advances an inspiring vision rooted in community and solidarity, commitment to social justice for the poor and marginalized, and the confidence that the

gospel of Jesus Christ is what the world most desperately needs to face today's challenges.

2050 Prospects for the Church | Cardinal Robert Sarah with Nicolas Diat

CARDINAL SARAH

returns with this must-read rumination on his hopes, fears, and realistic predictions for the Catholic Church in the coming decades, with a special view of his home continent of Africa and the pontificate of Leo XIV.

With characteristic directness, intensity, and depth, Cardinal Sarah addresses the liturgy, mission work, religious vocations, tradition, atheism, the papacy, and the family, among many other current issues. In every case, our only

path to freedom is radical, loving fidelity to Christ and to our Creator. In His Eminence’s words, “to submit to reality is already to submit to God.”

Unlike what the world preaches, the answer to the seemingly unsurmountable challenges of today and of tomorrow is not mere economic prosperity. After all, Cardinal Sarah says, “the worst violence does not arise from the shantytowns but is plotted in the gilded salons of the powerful, in the felt-lined cabins of the luxury yachts.” The answer is not a new Church, for “the Church needs, not to be reconstructed, but rather to be purified. Not to be reformed, but to be sanctified.”

To Make All Things New On the Church, Reform and Renewal

Jayd Henricks

THE CHURCH is ever ancient, ever new. Saint Augustine saw this in the fourth century and it remains true today. The Church, the body of believers who make up the mystical body of Christ, is not a static thing. For this reason, she is a reality that is always in need of renewal. What that renewal looks like depends on the times but renewal is always a call for the Church, and each of us.

Jayd Henricks writes about Church life from a unique perspective: a self-described Church bureaucrat who interacted with Bishops and Church leadership at the highest levels. He writes about the unseen holiness of many Church leaders but also the underbelly of the institutional Church, those things that few

Adeodatus A Novel

BOOK 2 OF THE REMNANT TRILOGY

Michael D. O'Brien

ADEODATUS is the story of a badly burned boy rescued from an apocalyptic conflagration that destroys much of Western civilization. The novel tells of his subsequent flight from the epicenter of catastrophe, with his rescuers, in search of a place of safety. Severely traumatized, the mysterious child has lost all power of speech, and yet there is a light in him that is recognized by several of the people he meets during the long journey. His identity and mission are only gradually understood, revealing a purpose that is intimately connected to Divine Mercy and the unfolding of salvation history.

BOOK 1 OF THE REMNANT TRILOGY

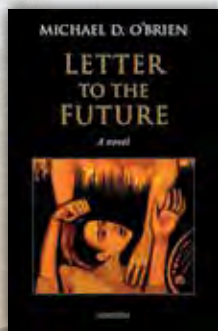

Michael D. O'Brien

In *Letter to the Future*, bestselling novelist Michael O'Brien returns to the theme of people of faith striving to find their way through a condition of societal collapse during the rise of new dimensions of totalitarianism.

In this fictional scenario, set in the near future, all of North America is plunged into a maximum crisis as basic communications and other services suddenly and inexplicably fail. As the tension mounts, this disparate group of people come together from several directions, apparently by coincidence, many of them strangers to each other, some of them very young, whom their rescuers call “our pied piper children.”

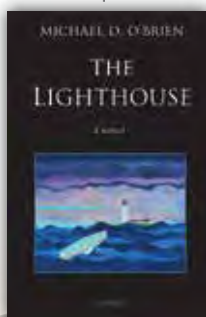

Moved by grace and dreams, they leave behind all securities and endure numerous alarming trials as they follow the thread of inspiration, seeking refuge in the mountains of British Columbia. Their choice to proceed in blind faith will bring about unforeseen consequences that are fully revealed only in the distant future.

On Conscience

Joseph Ratzinger (Benedict XVI)

PREPARED AND CO-PUBLISHED by the National Catholic Bioethics Center in Philadelphia, this book is a combination of two lengthy essays written by Cardinal Ratzinger and delivered in talks when he was head of the Congregation for the Doctrine of the Faith. Both talks deal with the importance of conscience and its exercise in particular

circumstances.

Ratzinger's reflections show that contemporary debates over the nature of conscience have deep historical and philosophical roots. He says that a person is bound to act in accord with his conscience, but he makes it clear

that there must be reliable, proven sources for the judgment of conscience in moral issues, other than the subjective reflections of each individual.

Vital Conflicts

Debating Abortion, Gender Treatments, and Claims of Conscience

Christopher Kaczor

VITAL CONFLICTS EXPLORES three of the most important, controversial, and contemporary issues in bioethics. It grapples with the legal, and the ethical, discussions arising from the Dobbs decision that overturned the constitutional right to abortion defined by *Roe v. Wade*.

The suffering caused by gender dysphoria can be debilitating and life threatening. This book explores this issue and offers an ethics of compassionate care that does justice to the vulnerability of those suffering from gender dysphoria. It presents a defense of the teaching of the

Catholic Bishops of the United States, England and Wales on gender treatments that are in accordance with faith, but also reasonable.

The book also treats claims of conscience, both conscientious objection and conscientious provision. Is there a contradiction in being in favor of conscientious objection but opposed to conscientious provision? Are objection and provision symmetrical? Kaczor defends conscientious objection in health care but also criticizes

the claim that conscientious provision in health care is justified.

Word and Mystery in Origen

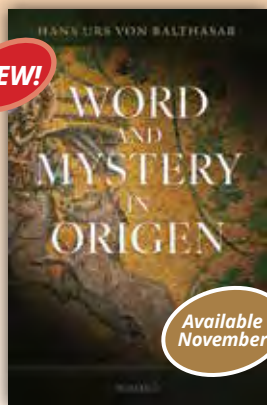

Hans Urs von Balthasar

IN THE HISTORY of Western thought, there exists a lineage of systems in which obscurity is not merely accidental. The aim is not to withhold a truth—clear in itself—from the uni-

tiated, but rather to demonstrate, with the utmost clarity, how the Mystery conceals itself. Several Greek Fathers belong to this tradition: Gregory of Nazianzus, Gregory of Nyssa, Dionysius the Areopagite, and, above all, Origen. The purpose of this study, therefore, is to organize Origen's major theological ideas around the concept of Mystery.

The approach adopted is not purely historical; for although Origen's thought is lucid and synthetic, it is not systematic in the strict sense. It will be necessary to highlight certain features and condense specific ideas into expressive formulations that do not appear verbatim in Origen's own vocabulary. This method seeks only to reveal—through language more familiar to our own age—the deepest aspirations of this great theologian, for whom God was simply "Light and Fire: fire for all impurity, and light without shadow for the saints.

A Philosopher in Provence

The Life and Work of Maurice Blondel

Aidan Nichols, O.P.

This is a major study of the life and writings of French philosopher Maurice Blondel, the main philosophical influence behind the so-called new theology in modern Catholicism. Dominican theologian and philosopher Nichols charts Blondel's thinking with an eye on its compatibility with the "school of Thomas", the classical philosophy and theology of the Church.

Nichols says that the case for Blondel's departure from the mind-set of the historical St. Thomas Aquinas has been overstated,

and he proposes a convergence of Thomism and Blondelianism—or "new theology"—as a desirable consolidation of forces in the face of post-modern intellectual anarchy and radical theology in the Church today.

He also notes that "while Blondel can be regarded as the 'house-philosopher' of the nouvelle théologie of which the prime representative is surely Henri de Lubac, Balthasar, the principal inspiration of the Communion school of post-Conciliar Catholic thought, went out of his way to name Maurice Blondel the 'greatest Catholic philosopher of modern times'."

The Promises of Christ | Milton Walsh

WE LIVE in a world of tremendous technological advances and material comfort, and yet more and more people—many among the young—struggle with despair and hopelessness. A powerful antidote is found in the remarkable promises made to us by Jesus Christ in the gospels.

This book invites readers to "take Jesus at his word" and draw strength from what he promises. For some people, his promises seem to be too good to be true. But they are true, and he proves it. For

others, the temptation is not that the promises are too good, but that they themselves are too bad: they could never be worthy to receive what God wants to give. But Jesus first spoke these promises to weak, sinful, people, and that is whom he addresses now.

Written in a straightforward, non-technical style, this book helps the reader pause and ponder the words of Jesus, so often stale from repeated hearing. His promises are great indeed, nothing less than the path to life eternal!

The Most Asked Questions About Faith, Reason, Jesus, and the Bible

Robert J. Spitzer, S.J., Ph.D. and
Carl E. Olson, M.T.S.

WRITTEN FOR A wide audience, this book addresses common questions about God, Jesus, faith, reason, the Bible and many related topics. The goal—as a lay apologist and a Catholic

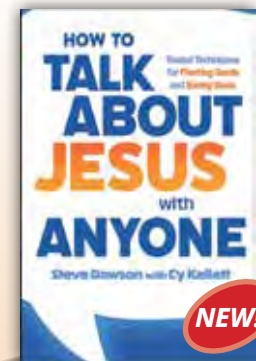

priest—is to hone in on essential points and details within the larger contexts of disagreements and debates that have been around for decades, centuries, or even millennia. Father Spitzer and Carl Olson hope that the parrhesia—the bold confidence and resolve—of faith will indeed be matched by a corresponding and complementary boldness of reason.

Has science disproved God? Can the existence of God be proven? Is faith blind and childish? Is belief in the Trinity rational? Are the Gospels mythical? Did Paul invent Christianity? What do we really know about the Resurrection?

These are some of the many questions addressed in this accessible and engaging work of Catholic apologetics.

How to Talk About Jesus with Anyone

Steve Dawson with
Cy Kellett

Spreading the good news about Jesus Christ and his salvation isn't optional. It's an explicit command from the Lord himself. So why do we work hard to be good Catholics in so many other ways—going to church, obeying the commandments, persevering in prayer—but make excuses about our reluctance to evangelize? Steve Dawson teams up with Cy Kellett to help you replace those excuses with a tested plan for going from timid and hesitant to confident and zealous in your daily duty to save souls.

Kingdom Come Unveiling the Mystery of Salvation

Scott Hahn with
Celeste Fortenberry

CHRONICLES IS THE key to understanding not just Israel's history but our own story in Christ.

The historical books of 1 and 2 Chronicles may not have the immediate allure of other Old Testament books, yet hidden within the genealogies,

royal histories, and liturgical rubrics is the design, pattern, and plan for the New Covenant.

In *Kingdom Come: Unveiling the Mystery of Salvation History*, renowned biblical scholar Scott Hahn and Celeste Fortenberry frame 1 and 2 Chronicles as theological treasures uniting the Old and New Testaments. From Adam to Abraham to David to Jesus, the Chronicler presents the comprehensive story of salvation. *Kingdom Come* in turn makes that story comprehensible.

The fascinating layers of typology present in 1 and 2 Chronicles reveal the undeniable reality of God's plan—worship, covenant, priesthood, and more—culminating in the establishment of the kingdom of God on earth: the Church. Far from a segment of Scripture to ignore, Chronicles is a living word, relevant and revelatory, that *Kingdom Come* acculturates for all Christians today.

The Ignatius Critical Editions | Edited by Joseph Pearce

Edited by literary biographer Joseph Pearce, the *Ignatius Critical Editions* are perfect for introducing great works of literature to teens and college-aged young adults, or for anyone wanting to revisit and get more from favorite authors. Each sewn-softcover volume includes essays from top academics, writing from a traditional viewpoint that values classical education.

Don Quixote E Miguel de Cervantes

In the view of the great Russian novelist Dostoyevsky, Don Quixote was the "most perfect . . . of all the beautiful individuals in Christian literature", adding that "he is beautiful only because he is ridiculous." He then gets to the mystical and mysterious heart of the novel: "Wherever compassion toward ridiculed and ingenious beauty is presented, the reader's sympathy is aroused. The mystery of humor lies in this excitation of compassion." It is in this light that we should read Don Quixote, seeing its protagonist as a holy fool with whom we should sympathize, even when he is at his most ridiculous.

David Copperfield E Charles Dickens

"I have in my heart of hearts a favourite child", wrote Charles Dickens. "And his name is David Copperfield." Since the first installment appeared in 1849, readers have shared Charles Dickens' deep affection for his most personal novel. Amid the bustle and color of early-Victorian England, the eponymous young protagonist makes his path through sorrow, suffering, and naiveté to heroic maturation. From birth to manhood, the innocence and eventual maturity of young Copperfield, reflecting influences from Dickens' own childhood and formation, make this beloved bildungsroman one of the greatest novels ever written.

The Great Gatsby F. Scott Fitzgerald

The Great Gatsby is one of the greatest American novels and one of the most perplexing. Is its theme a view of the American Dream as the masculine drive to pursue wealth, status, and sensual gratification—and the consequences of that pursuit? Or is there more to this modern literary classic? The answers to these questions and more are offered or at least suggested by the essays that accompany this edition.

In July of 2026, Bishop Fredrik Hansen of Oslo, Norway, announced that the cause for the canonization of Sigrid Undset would be opening in the autumn. A Nobel Prize-winning novelist known for her frank depiction of human relationships as well as a tumultuous personal life, Undset seems at first glance an unconventional choice. But her fierce devotion to the Catholic faith that she embraced at the age of 42, as well as other factors point to a life with a pursuit of God at its center. **Get to know Sigrid Undset through these books by and about her!**

Sigrid Undset Reader of Hearts **Aidan Nichols, O.P.**

Fr. Aidan Nichols, acclaimed theologian and spiritual writer, unpacks the figure of Sigrid Undset, author of *Kristin Lavransdatter*, from a distinctively Christian point of view. Rich in both biography and textual analysis this book renders a shrewd, colorful account of a writer who allowed her art to be transfigured by the Cross, by the fire of God's mercy, and thus opened to an intricacy and beauty beyond all telling.

There was pestilence: Catherine served and saved. She performed miracles, she received the stigmata, she drew about her a crowd of devoted men and women. A saint who would not let the Lord God alone, she really did lay siege to heaven—and changed the face of her world.

The Lord Holds Us by the Hand *Private Homilies (Seasons and Feasts)*

Pope Benedict XVI

WHAT DID POPE Benedict XVI teach and preach when he was out of the limelight, behind closed doors, among friends? In his late years, after the noise of the papacy had quieted down, how did he understand Scripture—Jesus, the Holy Spirit, the Christian life? When he had the room to be vulnerable, what did he say about the heart of his own spirituality?

In *The Lord Holds Us by the Hand*, we experience a different side of Joseph Ratzinger. This collection of private homilies—all

delivered off the public record in small chapels, during his years as pope and pope emeritus—reveals not a “detached exegete”, as his longtime secretary Archbishop Gänswein notes, but a Christian in “lively participation” with God. In these meditations, never before published in English, “exegesis, theology, catechesis, and spirituality intertwine and join together, leading the listener to enter in depth into the heart of the mystery of Christ.”

Thinking Like a Saint

Discernment of Spirits in the Catholic Tradition

Fr. Timothy Gallagher, O.M.V.

THIS BOOK SITUATES ST. IGNATIUS of Loyola's classic fourteen rules for the discernment of spirits within the larger Catholic spiritual tradition of sanctity.

Each chapter consists of two parts. The first part provides a brief explanation of the rule in question. The second and more extensive part supplies the parallel wisdom of other saints and spiritual figures. A fundamental truth about Ignatius's rules underlies this approach: he helps us to grasp, most often for the first

time, the spiritual experience that always occurs in our hearts and thoughts.

In his rules, Ignatius describes universal spiritual experiences. So, it is no surprise that we find similar teaching in other saints and spiritual writers like St. Augustine, St. Francis of Assisi, St. Thomas Aquinas, Thomas à Kempis, St. Teresa of Avila, St. John of the Cross, St. Thérèse of Lisieux, St. Francis de Sales and more. Thus, we listen to these and many others in this book.

Abortion Pill Reversal *A Second Chance at Choice*

George Delgado, M.D.

THIS POWERFUL, timely work is written by a pioneer of the game-changing treatment that allows women who've started the chemical abortion process to reverse and stop the very abortion they initiated.

Dr. George Delgado gives us an inside look at how and why he started the Abortion Pill Reversal (APR) Network, with stories about the challenges and pitfalls along the way.

He presents a collection of personal accounts by women who attempted the reversal of their chemical abortions. He also gives the personal

account of the doctor who performed the very first documented reversal, as well as moving testimonies of three APR hotline nurses.

The timeliness of the book cannot be overstated. As the percentage of chemical abortions in the USA reaches to 70%, more women will be wondering if they can reverse their chemical abortions. APR has been strongly persecuted, while the abortion drug mifepristone (RU-486) was rushed through the approval

process at FDA with regulations and laws being violated along the way.

The Song of the Lamb *Sacred Music and the Heavenly Liturgy*

In this groundbreaking book, Robert Cardinal Sarah, long-time prefect of the Vatican's Congregation for Divine Worship, joins with Peter Carter, director of the Catholic Sacred Music Project, to dive into the spiritually rich tradition of Catholic sacred music, tracing it from the Church's earliest days all the way through the Second Vatican Council

and beyond. The cardinal minces no words in critiquing the liturgical confusion of our times, which has touched every corner of the Church.

Yet he returns always to the true center: not aesthetics, but the beautiful person of Christ Himself, God incarnate.

Cardinal Sarah's meditations on the liturgy—as the Second Vatican Council imagined it—offers a spiritual and practical roadmap to authentic renewal, including at the parish level. *The Song of the Lamb* will make readers fall more deeply in love with the Mass and with the Divine Office, and it will fan the flames of liturgical renewal.
