Christ, Science, and Reason ^E

*What We Can Know about Jesus,
Mary, and Miracles*

**Fr. Robert J.
Spitzer, S.J., Ph.D.**

This book is currently the only volume that comprehensively presents the scientific evidence in support of Jesus, the Eucharist, and Mary. Fr. Robert Spitzer, S.J., closely examines the scientific evidence for:

- The Passion and Resurrection of Jesus from the Shroud of Turin
- The Real Presence of Jesus in the Holy Eucharist from three recent scientifically investigated Eucharistic miracles
- The supernatural dimensions of the apparitions of Mary manifest in the Tilma of Guadalupe, the Miracle of the Sun at Fatima, and many healing miracles connected with the Grotto of Lourdes.

This work also presents a summary of contemporary historical and exegetical evidence for the historicity, Passion, and Resurrection of Jesus, and concludes with a consideration of the Catholic Church and science—particularly the Church's contributions to science, the complementarity of science and the Bible, and the complemen-

tarity of physical evolution and the creation of a soul.

The book makes clear that the Catholic Church is not anti-science, but quite the opposite—it is one of the most scientifically aware and open religious denominations in the world.

Twelve Ancient Cities and How They Were Evangelized **E**

Mike Aquilina

Jerusalem, Rome, Antioch, Alexandria, Ephesus, Carthage, Edessa . . . These were some of the ancient cities that once raged against the Gospel and persecuted the Church but later came to admirable faith. Each city was different from all the others, and each became more perfectly itself through the influence of Jesus Christ.

In the pages of this book, you'll climb the hills of these cities, sail into their harbors, look up in awe at their titanic public works, walk their streets, push your way through their bustling markets. And you'll see how all those things shaped the

NEW!

“An inspiring panoramic survey of the evangelization of twelve great cities that shows how this laid the foundations for the building of the faith and subsequent spread of Christian civilization. Mike Aquilina writes with an all-too-rare succinctness and clarity. His writing style is accessible and easy to read. He's a boon and a blessing.”

What Would Socrates Say?

An Introduction to Philosophy by the Socratic Method

Peter Kreeft

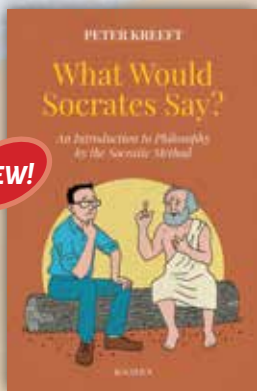

The greatest teacher of philosophy in all of history was Socrates, according to Peter Kreeft. In 2,400 years, no one has topped him or his

Socratic method, teaching not by monologue but by dialogue, not by lecturing but by logical questioning. Yet of the hundreds of textbooks for beginning philosophers today, none uses his method.

Kreeft has imagined Socrates University: a log, with Socrates at one end and a typical intelligent modern student beginner at the other, conversing about the problems at the heart of each major division of philosophy.

Like the real Socrates, this fictionalized version by Kreeft is grounded in common sense and commonsense logic, fair and open-minded on all issues but demanding good reasons for every opinion.

Stories of Conversion and Witness

Steve Dawson

This book begins with the inspiring story of Steve Dawson—his dramatic conversion to Catholicism as a young man and his founding of St. Paul Street Evangelization, an international apostolate that has grown to hundreds of teams in seven countries in just a few years.

Also included are other moving stories of conversion and witness. The authors

are ordinary Catholics who have come to love Christ so much that they now talk about Him with total strangers in public places—street corners, parks, and shopping areas. They

aren't theologians, nor are they highly trained apologists with Ambrosian rhetorical skills or Dale Carnegie slickness, yet their simple missionary efforts have yielded amazing results.

Hannah's Children

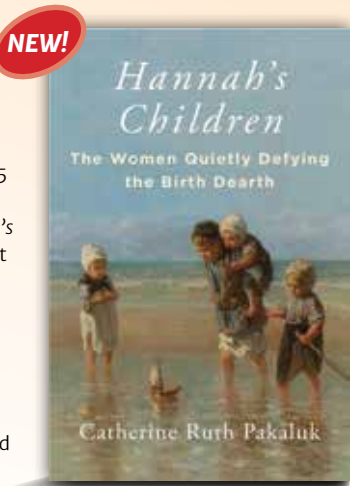

The Women Quietly Defying the Birth Dearth

Catherine Ruth Pakaluk

In the midst of a historic “birth dearth,” why do some 5 percent of American women choose to defy the demographic norm by bearing five or more children? *Hannah's Children* is a compelling portrait of these overlooked but fascinating mothers who, like the biblical Hannah, see their children as their purpose, their contribution, and their greatest blessing.

The social scientist Catherine Pakaluk, herself the mother of eight, traveled across the United States and interviewed fifty-five college-educated women who were raising five or more children. Through open-ended questions, she sought to understand who these women are, why and when they chose to have a large family, and what this choice means for them, their families, and the nation.

Hannah's Children is more than interesting stories of extraordinary women. It presents information that is urgently relevant for the future of American prosperity. Many countries have experimented with aggressively pro-natalist public policies, and all of them have failed. Pakaluk finds that the quantitative methods to which the social sciences limit themselves overlook important questions of meaning and identity in their inquiries into fertility rates. Her book is a pathbreaking foray into questions of purpose, religion, transcendence, healing, and growth—questions that ought to inform economic inquiry in the future.

Abortion Survivors Break Their Silence

Melissa Ohden with Cindy Lambert

Today's culture would have us believe that abortion is simply a choice, a right, a controversial argument, and a religious and political issue of pro-life vs. pro-choice. It has become easy to think of the unborn as disposable products of conception—medical waste. But all of that changes when that “product of conception” defies the odds and arrives into this world as a living, breathing human being.

In *Abortion Survivors Break Their Silence*, we hear the true stories of abortion survivors whose resilience and courage humanize this discussion of “choice” and life emerging from the womb. They are flesh and blood people who, against all

odds, survived abortion attempts and have dramatic, touching stories of their own. These stories often begin in shame and secret, but emerge to become inspiring dramas of hope, love, and forgiveness.

30-Day Eucharistic Revival

A Retreat with St. Peter Julian Eymard

Fr. Donald Calloway, M.I.C.

Several popes have referred to St. Peter Julian Eymard (1811–1868) as “the Apostle of the Eucharist.” Nonetheless, he is not that well known in the universal Church. When it comes to worldwide recognition of his extraordinary life, as well as the many amazing things he did to foster a greater love for the Blessed Sacrament, most Catholics are unfamiliar with him and have never heard his name. That is about to change. *30-Day Eucharistic Revival* is intended to help you, your children, your grandchildren, and all future generations rediscover and experience a revival of belief in the Real Presence, especially during the period of National Eucharistic Revival in the United States.

"A long time ago, in the land of Canaan, there lived a giant known as Reprobis. Because he was so big and strong, Reprobis wished to serve the greatest and most powerful king in all the world. So he set off to find him . . ." For hundreds of years Catholics honored Christopher as the patron saint of travelers. But when he came to be seen as more mythical than historical, the Church discouraged devotion to him. Wanting to preserve the legend of the giant who carried the Christ Child, Tomie dePaola retold and illustrated the story in this captivating book.

"I would like to write a beautiful prayer," writes the young Flannery O'Connor in this deeply spiritual journal, recently discovered among her papers in Georgia. "There is a whole sensible world around me that I should be able to turn to Your praise." Written between 1946 and 1947 while O'Connor was

With unflinching logic, Eberstadt summarizes the toll on Western society of today's fractured homes, feral children, and social isolates. Empathetic yet precise, she connects the dots between shrinking, broken families and rising sexual confusion,

seen most recently in transgenderism and related phenomena. The result is an indictment of the turn taken by much of the world following the post-1960s embrace of contraception.

The True Europe *Its Identity and Mission* **E**

Joseph Ratzinger (Benedict XVI)

Here is Benedict XVI's last and heartfelt call for Europe to rediscover and reaffirm its true origin and identity that have made it great and a model of beauty and humanity. It is not about imposing the truths of faith as the foundation of Europe, but about making a thorough choice, recognizing that it is more natural and just to live "as if God existed" than "as if there were no God."

Just as Pope John XXIII called on the great nations of Europe and the West to avoid a devastating nuclear war, today Benedict XVI addresses for the last time all of Europe and the West so that, by rediscovering their own soul, they can save themselves and the world from self-destruction.

Glorifying Christ *The Life of Cardinal Francis George, OMI* **Michael R. Heinlein**

Cardinal George was a prophetic voice in the Church—a man able to see things as they are and from the point of view of the whole

Church. His episcopal motto, "To Christ be glory in the Church," encapsulates his legacy, because every decision he made, every action he took, every suffering he endured was about serving others and pointing them to our Savior.

On Obedience **E** **Adrienne von Speyr**

This compact book, one of Adrienne von Speyr's last works, dives into the mystery of Christian obedience, thus bringing the reader into the heart of authentic Christian love. Profoundly misunderstood

in our time, obedience is not just a vow for monks and nuns. Nor does it mean domination, an automatic response of a slave or puppet. Rather, it is the free, creative, and open-hearted response of a perceptive child of God.

Exploring the World's Foundation in Christ **E** *An Introduction to the Writings and Thought of Donald J. Keefe, S.J.* **Edited by Kevin A. McMahon**

This volume, the first of its kind, provides both an introduction to a theologian who many in the field consider to be one of the very finest of his generation, and a compendium of selections—each with an explanatory preface—from his prolific writings. The many and far-reaching topics that Keefe addressed are arranged in the book under a series of chapter headings that are intended to provide an overview of the content of Catholic theology—from Christology to Mariology to ecclesiology.

The Crisis of Western Education **Christopher Dawson**

Originally published in 1961, this work served as a capstone of Christopher Dawson's thought on the Western educational system. Long out of print, the book has now been

updated with a new introduction by Glenn W. Olsen and is included in the ongoing *Works of Christopher Dawson* series. In all of his writings, Dawson masterfully brings various disciplinary perspectives and historical sources into a complex unity of expression and applies them to concrete conditions of modern society.

What Do You Seek? **E**

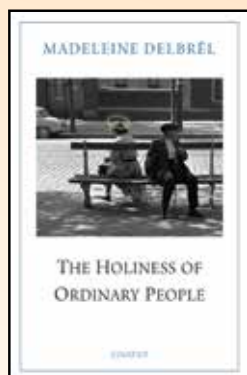

Encountering the Heart of the Gospel

Edward Sri

The Good News of Jesus Christ is known as the *kerygma*, based on the Greek word *kerysso*, meaning "to herald" or "to proclaim". It is the core message of Christ that each of the Apostles, the original heralds of the Gospel, proclaimed to the world. It is Christ's answer to his own penetrating question, "What do you seek?"

This is why the Catholic Church emphasizes the importance of what it calls the "First Proclamation": the core Gospel of God's love and the person and mission of Jesus Christ, which ideally we surrender ourselves to, so that a more in-depth, systematic presentation of the Faith can take deeper root in our soul.

The Holiness of Ordinary People **E**

Madeleine Delbrêl

French poet, social worker, and lay missionary Madeleine Delbrêl knew that Christ's unspeakable goodness touches the smallest, most forgotten corners of our everyday world—the laundry, the checkout counter, the commute. This book gathers together essays and notes written by Delbrêl during her most active years, giving peerless insights into the distinctive lay vocation in the Church. All men and women—married and unmarried—must follow the Holy Spirit into all that is true in this world, from the small talk around the coffee-pot to the great silence of the Holy Eucharist.

"The holy Church expects saints," she tells us, "and saints are those who love."

How the Fathers Read the Bible

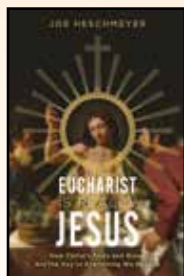

Mike Aquilina

In *How the Fathers Read the Bible: Scripture, Liturgy, and the Early Church*, Mike Aquilina takes readers back to the first centuries of Church life to show how the liturgy became the home of—

and the interpretative lens for—Scripture.

Aquilina shows how, both then and now, Scripture is only understood through the life of the Church—and in particular, through the liturgy.

The Eucharist Is Really Jesus

Joe Heschmeyer

When we recognize Jesus in the bread of the Holy Eucharist, our eyes of faith are opened, and the mysteries of the Christian life are unlocked. In *The Eucharist Is Really Jesus*, author Joe

Heschmeyer first explains how Catholic belief in the Eucharist is biblical and reasonable. If you're used to thinking of Communion as a purely symbolic ritual, you'll find here a compelling defense of the ancient doctrine of the Real Presence.
